

## K9 Rappel Harness

Designed to be a lightweight, portable harness that the handler can carry into the field, the K9 Rappel Harness features a CORDURA® nylon panel and four straps to securely support your dog during rappels. A large rubber handgrip makes it easy to lift or control your dog during the rappel. A stowaway rear-lift assembly fits over the dog's tail for additional security. The steel D-ring connection point suspends the animal in a comfortable position. Features rear attachment for lead connection. Extensively tested by local dog teams for comfort, security and ease of use.

One size will fit most rescue dogs.
