RESCUE EQUIPMENT 2021
CATALOG 2022

Our Brand RQ3 Gear by Rescue Source

In 1994 Rescue Source began manufacturing quality rescue equipment under the RQ3 Gear brand. After initial success of the now world-famous throwbags, RQ3 Gear moved into bags and hardware. Rescue Source then went on to develop its innovative Cliff Picket System and Hose Inflation Kit. RQ3 Gear always focuses on rescuer safety and affordable equipment. All RQ3 gear products are designed by professional rescuers and field-tested around the world to guarantee that our products are always tough enough to survive the rigors of the rescue environment.

PPE Defined — we offer the best Personal Protective Equipment for swiftwater, flood, and rope rescue environments.

Rescue SOURCE

Proudly Serving the
Rescue Community Since 1991

ONE STOP GEAR SHOP

Rescue Source was founded in 1991 as a Swiftwater rescue company. We have witnessed the evolution of three decades of techniques and equipment, from PFDs to specialist water hardware. As the largest stocking dealer for Swiftwater rescue equipment, the options you see have been selected based on their real-world performance, availability, and range of prices. If you have any questions, a member of Rescue Source will be more than happy to answer them based on our industry experience or we can reach out to a pool of hundreds of subject matter experts.

An aerial photograph of a river with two groups of kayakers. The kayakers are wearing helmets and life jackets, and are navigating through rapids. The water is turbulent and white with foam. The kayakers are positioned in two groups, one further upstream and one further downstream. The kayakers are wearing various colored gear, including yellow, red, and blue. The kayakers are using paddles to navigate the rapids. The kayakers are positioned in a line, following the flow of the river. The kayakers are wearing helmets and life jackets, and are using paddles to navigate the rapids. The kayakers are positioned in a line, following the flow of the river. The kayakers are wearing helmets and life jackets, and are using paddles to navigate the rapids. The kayakers are positioned in a line, following the flow of the river.

Petzl TIKKA Headlamp

Water resistant: 1PX4 weather resistant

The TIKKA headlamp is a hybrid headlamp that comes with multiple lighting modes — proximity, movement, and distance vision with either red or white light. The red light prevents members of a group from blinding each other in the dark. The phosphorescent reflector on the headlamp helps you find it in your pack, even in the dark.

Features include:

Power: 300 Lumens

Beam pattern: Flood

Burn time: 120 hours low; 60 hours high

Batteries: 3 AAA batteries included, compatible with CORE rechargeable battery

Weight: 2.8 oz

Color: Black

Item# HE6315 | \$29.95

Streamlight Bandit Headlamp

Water resistant: 1PX4 weather resistant

The Bandit is a lightweight, compact, low-profile rechargeable headlamp. It has a multi-function push button switch with charge indicator.

Features include:

Power: 180 Lumens

Beam pattern: Flood

Burn time: 9.5 hours

Batteries: USB rechargeable

Weight: 1.3 oz

Color: Hi-Vis and Black

Item# HE6170 | \$37.25

Princeton Tec Roam Headlamp

Waterproof: 1PX8 submersible up to 100 meters

While this headlamp can be used as a standard headlamp, it was built to be the ideal dive headlamp. It's 100-lumen LED and custom optic delivers the focused beam that divers need.

Features include:

Power: 170 Lumens

Beam pattern: Narrow

Burn time: 18 hours

Batteries: 2 AA batteries included

Weight: 5.8 oz

Color: Hi-Vis and Black

Item# HE1600 | \$49.99

Petzl PIXA 1 Headlamp

Waterproof: 1PX7 submersible up to 1 meter

This headlamp offers lighting that allows the user to work comfortably on tasks close at hand. It has 2 modes: high and low. Constant lighting technology: brightness does not decrease gradually as the batteries are drained. It meets certification requirements for work in explosive environments (specs available online).

Features include:

Power: 60 Lumens

Beam pattern: Flood

Burn time: 16 hours

Batteries: 2 AA batteries included compatible with rechargeable lithium

Weight: 5.6 oz

Color: Yellow and Black

Item# HE6275 | \$39.95

Petzl PIXA 3 Headlamp

Waterproof: 1PX7 submersible up to 1 meter

This headlamp offers lighting that adapts to any environment, close range work, movement and long-range vision. Constant lighting technology: brightness does not decrease gradually as the batteries are drained. It meets certification requirements for work in explosive environments (specs available online).

Features include:

Power: 100 Lumens

Beam pattern: Flood, Mixed, Focused

Burn time: 26 hours

Batteries: 2 AA batteries included compatible with rechargeable lithium

Weight: 5.6 oz

Color: Yellow and Black

Item# HE6250 | \$79.95

Princeton Tec Apex 650 Headlamp

Waterproof: 1PX7 submersible up to 1 meter

This headlamp is a favorite for extreme outdoorsmen and cavers. It incorporates a single regulated Maxbright LED plus 4 regulated Ultrabright LEDs. It is capable of a powerful spot beam or a bright flood, and two switches make changing modes intuitive.

Features include:

Power: 650 Lumens

Beam pattern: Spot and Flood

Burn time: 12 hours

Batteries: 4 AA batteries included

Weight: 9.8 oz

Color: Black

Item# HE1800 | \$68.75

Princeton Tec Aqua Strobe

Water resistant: 1PX8 submersible up to 100 meters

Twist operation turns on the Aqua Strobe and produces 60 flashes per minute. The buoyant cone keeps the light pointed up whether its on the surface or underwater. Can attach with a Velcro strap or a lanyard.

Item# SD7200 | \$29.99

Features include:

Power: 100 Lumens	Burn time: 12 hours	Weight: 3.3 oz
Lamp: 1 White Maxbright LED	Batteries: 1 AA Alkaline	Color: Hi-Vis

ACR C-Strobe H2O

Water resistant: 1PX8 submersible up to 100 meters

The water-activated switch makes sure the C-Strobe turns on when you need it most, in the water. It has an impact-resistant case making it an efficient distress light when needed. Can attach to a PFD with flexible lashing loops allowing for multiple mounting options.

Item# SD7625 | \$25.00

Features include:

Power: 45 Lumens	Burn time: 120 hours	Weight: 2.4 oz
Lamp: 1 White LED	Batteries: 2 AA Alkaline	Color: Hi-Vis

Princeton Tec Meridian Strobe/Beacon

Water resistant: 1PX8 submersible up to 100 meters

The toggle switch allows for easy operation with gloves. The Meridian Strobe features a white emergency strobe and white constant on locator mode and is visible for over a mile. Can attach to a PFD or other objects with 1" webbing.

Item# SD7680 | \$29.99

Features include:

Power: 100 Lumens	Burn time: 100 hours	Weight: 3.5 oz
Lamp: 1 White Maxbright LED 1 Red Maxbright LED	Batteries: 3 AAA Alkaline	Color: Hi-Vis

Princeton Tec Sector 5

Waterproof 1PX8 submersible up to 100 meters

The trigger switch is easy to use. Access momentary "on" via a half-pull and constant "on" via a full pull. The trigger also locks out to prevent accidental illumination.

Features include:
Power: 550 Lumens
Lamp: 1 Maxbright LED
Burn time: 3.5 hours
Batteries: 4 C Alkaline (included)
Weight and length: 1.43 lbs/7 inches
Color: Hi-Vis

Item# FL8015 | \$111.99

Princeton Tec League 420 Flashlight

Waterproof 1PX8 submersible up to 100 meters

The oversized operating switch is usable and lockable with just your thumb. Designed with an ergonomic angled head and featherweight design to create a perfectly balanced underwater flashlight.

Features include:
Power: 420 Lumens
Lamp: 1 Maxbright LED
Burn time: 14 hours
Batteries: 4 AA Alkaline (included)
Weight and length: 7 oz/6 inches
Color: Hi-Vis

Item# FL8010 | \$45.00

Princeton Tec Sector 7 LED Spotlight

Waterproof 1PX8 submersible up to 100 meters

The trigger switch is easy to use. Access momentary "on" via a half-pull and constant "on" via a full pull. The trigger also locks out to prevent accidental illumination.

Features include:
Power: 700 Lumens
Lamp: 1 Maxbright LED
Burn time: 11 hours
Batteries: 8 C Alkaline (included)
Weight and length: 2.36 lbs/7 inches
Color: Hi-Vis

Item# FL8050 | \$130.99

Streamlight Dualie 3AA Flashlight

Waterproof

This is an intrinsically safe multi-function flashlight. Produces a focused spotlight and soft flood light. Dual, independently operating push button switches for spot beam, flood beam or both beams simultaneously. Made from durable, non-conductive, corrosion-proof polymer resin. Rocky stipple texture for a sure grip.

Features include:
Power: 245 Lumens
Lamp: Spot/Flood
Burn time: 9 hours
Batteries: AA Alkaline (included)
Weight and length: 6.8 oz/7 inches
Color: Hi-Vis

Item# FL7500 | \$48.95

Crossline Reach Capture Device

Features include:

- Securely grab ropes, lines or cables from a distance
- The body of the Reach Device is made from 6061-T6 aircraft aluminum
- Spring clips and pins are made from 304-type stainless steel
- Will support 2,000 lbs of pull strength

Item# MS6100 | \$140.00

Marine Rescue Products Rescue Tube

Features include:

- Heavy-duty brass clip to secure tube around victim
- Tapered ends to reduce drag
- 10' poly tow line and 2" heavy-duty nylon strap included
- Dimensions: 40" x 5.5" x 3"
- Weight: 2.25 lbs

Item# RC3500 | \$69.95

Marine Rescue Products Rescue Ring Buoy **USCG TYPE 4**

Features include:

- Vinyl-coated nylon skin with urethane foam core
- Will not sink even if punctured or cut
- Rot and mildew resistant
- Dimensions: 24"
- Weight: 2.25 lbs
- Buoyancy 28 lbs

Item# RG8800 | \$62.95

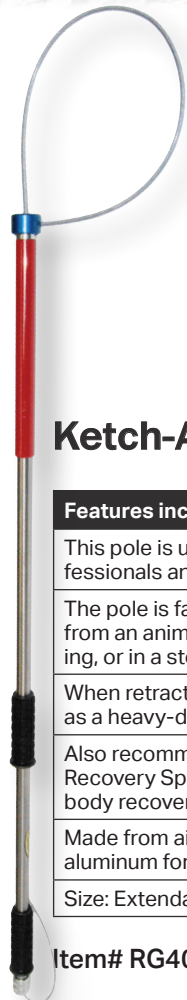

Marine Rescue Products Rescue Can

Features include:

- Strongest molded linear plastic and thickest walls on the market
- Pebble-grained handles for grip
- 10' poly tow line and 2" heavy-duty nylon strap included
- Length: 28"
- Weight: 3 lbs

Item# RC0105 | \$76.95

Photo courtesy of Crossline Reach

Ketch-All Pole

Features include:

This pole is used by animal control professionals and animal rescue personnel

The pole is famous for its versatility — from an animal up a tree, under a building, or in a storm-swollen stream

When retracted, it may be used as a heavy-duty restraining device

Also recommended by Swiftwater Recovery Specialists™ for use during body recovery operations

Made from aircraft-grade aluminum for long life

Size: Extendable 4' - 6'

Item# RG4050 | \$125.75

NRS Raft/Cargo Net

Features include:

Recommended by Swiftwater Recovery Specialists

Used during body recovery operations or parbuckling techniques

Border of 2" webbing for strength

Multi-attachment points for strapping

Nine - 4' HD straps included

Dimensions 60" x 80"

Item# MS4525 | \$63.75

Cinch Rescue Ring Collar

Features include:

Allows victim to enter the collar from either side

The victim's weight releases the connector allowing the collar to "cinch" around the victim

Can be deployed from land or watercraft

Can be used as a life-ring buoy

Carrying case included

Dimensions when open: 20"

Weight 3.5 lbs

Item# RG1800 | \$315.00

NRS Rescue Board

Features include:
Grooved, textured deck pad
2 padded handles for operator control
4 side handles for victim support
2 1.5" stainless D-rings for towing and lowering
Leaflet D7 inflation valve/screened Leaflet pressure relief valve
Inflated up to 20 psi
Folds up compactly for transport and storage
Material: PVC drop-stitch
Includes NRS Super 2 HP Pump and repair kit
Dimensions: 57" x 25" x 4"
Weight: 11 lbs

Item# BD1640 | \$420.75

Carlson River Rescue Board

Features include:
Tough board made in United States
Improved core allows for flexibility and less water absorption
Brushed belly grooves to grip your body
165 lbs of flotation
Constructed from polyethylene beads
Dimensions: 56" x 24" x 4"
Weight: 10 lbs

Item# BD1655 | \$425.00

Extractor River X Rescue Board

Features include:
All-season, ice rescue, swiftwater flotation device
Deck pad black 3/8" thick PVC with texture for traction
Buoyancy 120 lbs
Materials: rotomolded, superlinear polyethylene - hollow core with vent drain plug
Dimensions: 55" x 24" x 6"
Weight: 18 lbs

Item# BD1675
River X Board | \$735.00

Item# BD1700
Ice Rails (not shown) | \$150.00

Item# BD1695
River X Board with Ice Rails | \$875.00

NRS Rescue X-Sled 115

Features include:

- Can be used for swiftwater, ice, low-head dam and floodwater rescues
- Designed to accommodate two rescuers and one victim
- The drop-stitch deck inflates to 8-10 psi, giving the sled super rigid performance
- Two side chambers and the drop-stitch deck keep you afloat in the event of a puncture
- 16 handles for easy carrying and climbing on board
- The high bow kick lets the X-Sled rise up and over waves and ice ledges
- Includes an NRS Super 2 HP Pump and repair kit
- Length: 12' | Width: 48" | Weight: 67 lbs

Item# BD8609 | \$2,120.75

NRS R120 Rescue Raft Kit

Features include:

- A 4" thick drop-stitch floor insert and 7.75" x 10.5" drop-stitch thwarts inflate to a rigid 8-10 psi, giving the boat the stiff and responsive performance needed in unpredictable scenarios
- Each inflation chamber has a pressure relief valve to prevent damage from over inflation
- 16 - D-rings and 12 handles provide lots of options for gear tiedown and portaging
- Features floor slots and intentional D-ring placements to suspend the boat and lower into position
- Foot cups give stable anchoring for crew members in rough conditions
- Can accommodate 6 paddlers, plus one in the stern. Alternatively, you can rig it with a rowing frame and motor mount for an outboard
- Length: 12'2" | Width: 6'4" | Weight: 120 lbs

Kit includes:

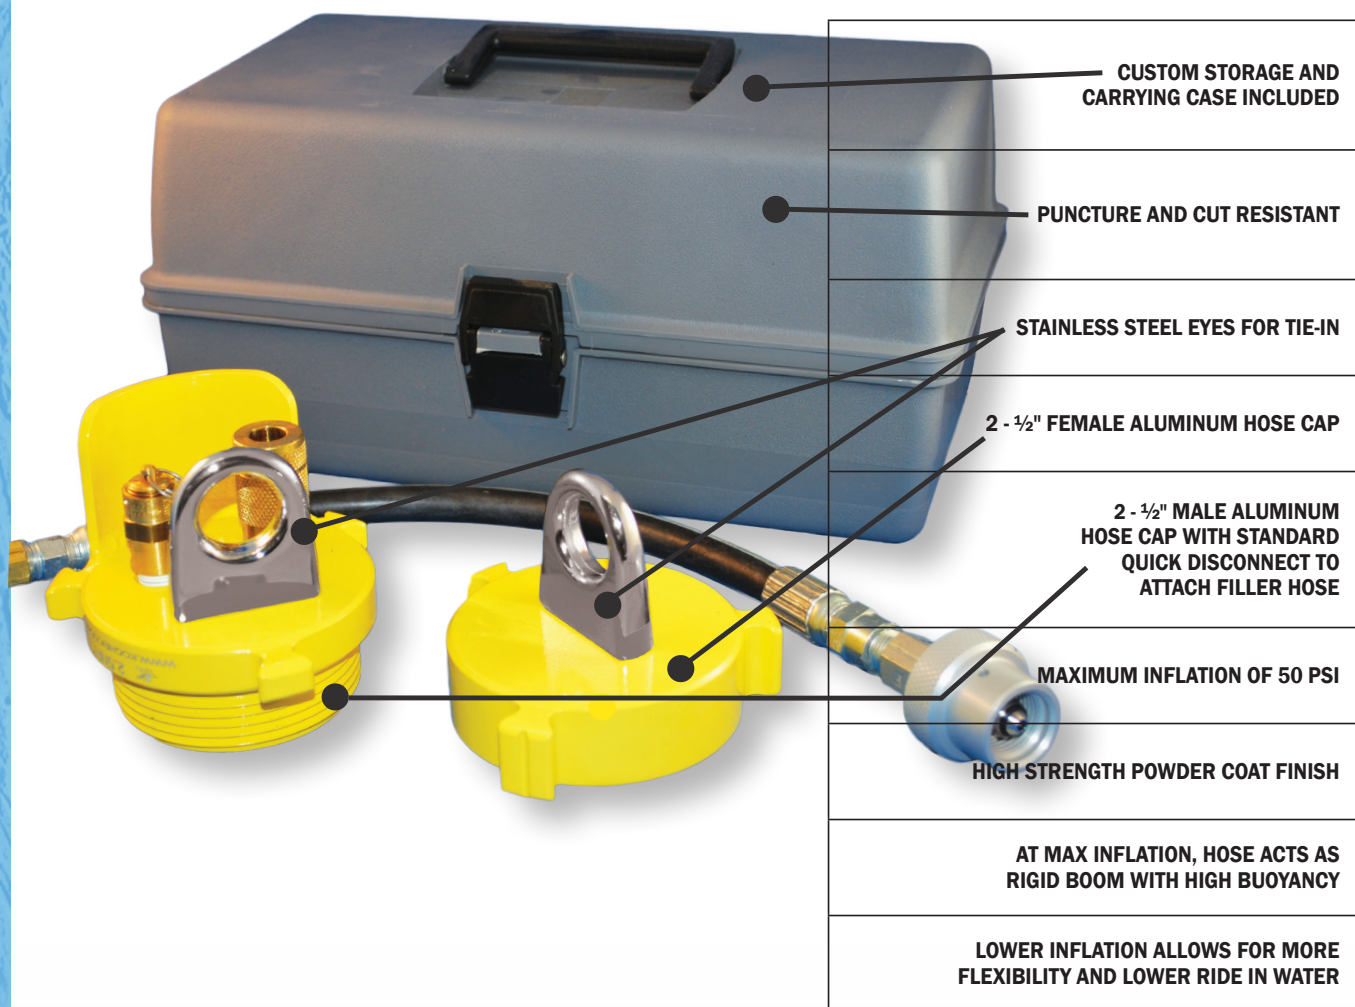

- 1 - R120 Raft
- Repair Kit and High-Pressure Inflation Pump
- 7 - Carlisle STD Paddles, 60"

Item# RB1200 | \$2,545.75

RQ3 MARK V HOSE INFLATION SYSTEM

A must-have with many swiftwater and ice rescue teams

RQ3 Mark V Firehose Deluxe Inflation System

Item# FMS7100 | \$425.00

Mustang Ice Commander

This is the suit of choice for Coast Guard units, SAR teams, fire departments and ice rescue professionals.

Features include:

Mustang Item #: IC900103

Welded nylon outer shell

Water-tight hood and face seal

Heavy-duty zipper

Safety harness - integral self-adjusting safety harness

Ergonomic ice awl pockets - sleeve pockets customized to attach and stow ice awls

3M™ SOLAS reflective tape for high visibility

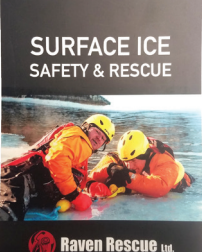

Detachable inner buoyancy liner made of closed-cell Airsoft™ foam

Size: Adult Universal

Weight: 110-330 lbs

Height: 4'11" - 6'6" (1.5-2m)

Reach N Sling

Features include:

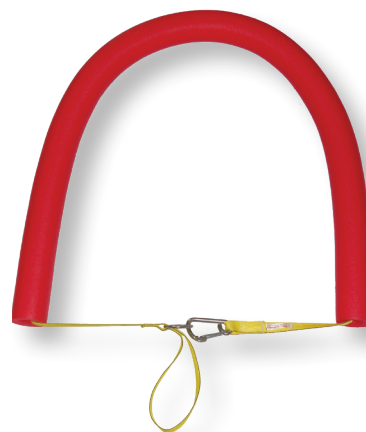

Can reach up to 6' when extended out straight

Clip the hook to the ring, and it becomes a high-float sling a victim can pull over their head

Slip the tube behind the victims and under their arms, then use the web loop to lift them into the boat

An effective floating boom to stretch across a river, canal, or pond and can be maneuvered from the banks

Item# RG1600 | \$81.00

Rope rescues are based on the rapid assembly of systems to efficiently access patients and safely convey them out of danger. As your equipment provider, it is up to us to supply you with the appropriate gear to get the job done. How that job gets done is up to you.

If your systems are tensionless hitches with hand-tied prusik belays and brake bar racks, we can supply those items. If your system is a mirror based on straps, anchor plates, and progress capture pulley/descender devices, you will find those as well. If you do not see exactly what you want, please inform us. Rescue Source is a full-line distributor for our vendors and we will gladly special order the items you need for your system.

ROPE& HARDWARE

Photo courtesy of Atlantic Tech Rescue

Water Rope

Ropes for work on water keep buoyancy as a central design tenet. Their core generally has a more open weave and looser bond to the mantle to allow for sufficient air to float the rope. These lines are generally lighter when dry and more supple than life safety ropes. While these changes in construction result in a more dynamic line with less tensile strength and abrasion resistance than life safety ropes, they end up being desirable features. Give in the rope results in fewer shocks to the victim and rescuer, increasing the odds of them staying together.

Throwbag Rope

We sell throwbag rope by the foot.

Rope should be inspected often and replaced when needed.

Teufelberger Water Rescue Rope

Intended for high-load applications that normally call for a lifeline but also require a rope that floats, this rescue rope is compatible with prusik hitches, ascenders, pulleys, and other rescue hardware. Its core is polyolefin covered with a tough, abrasion-resistant nylon sheath. Double braided with a polypropylene core contained within an abrasion-resistant nylon jacket, this is one tough rope — not a throw line but a rescue lifeline.

Note: If rope is under extreme load, sheath may slip exposing core.

Weight: 5.3 lb/100 feet

WaterLine Water Rescue Rope

Unique materials excel in wet environments like swiftwater, ice, and flooded environments. This rope performs in these harsh conditions with strength and optimal flotation. Sterling throwline and water rescue ropes are manufactured with the same precision and quality as their life safety ropes. Sterling developed the waterline rope using only the best quality and highest tenacity polypropylene nylon. The rope is made from braided polypropylene in the core and sheath for maximum buoyancy.

PMI's 40-plus year reputation for creating the toughest, most abrasion-resistant and more reliable life safety rope comes from a refined blending of technology and passion. Conceived in the field, crafted in their factories, and grounded by research and testing, PMI offers a wide range of ropes, all designed to make your world safer.

EZ Bend Hudson Classic Professional Rope with Unicore

Certified NFPA 1983 (2017) G Ansi Z359.15 CL1801, Static | Compliant EN 1891-A

Unicore technology creates the ultimate bond between sheath and core. This bond means sheath slippage is nearly zero, even when the sheath is cut circumferentially. Allows the person to pass either a cut or torn sheath area, whether descending or ascending since the sheath cannot bunch to create an impasse. When cut with a knife, minimal fraying occurs. It also reduces shrinkage in water by more than 50 percent.

Elongation at 10% MBS: 3% - 4.4%

EZ Bend Hudson Classic Professional Rope

Compliant NFPA 1983 (2017), G | EN-1891 A | Ansi Z359.15 (2014) | CL1801, Static

PMI's classic EZ Bend 16-carrier construction, combined with the toughest nylon on the market, makes PMI ropes some of the toughest in the world. Although all diameters of PMI Classic rope are 16-carrier sheath design, the denier (thickness) of each diameter's sheath is different. It is carefully designed to provide the maximum abrasion-resistance, "grab" the core to minimize sheath slippage, and provide the desired hand for the intended applications.

Sterling Rope

Sterling Rope has been making high-quality, innovative cordage for the rescue industry since 1992. Headquartered in southern Maine, all of their products are made in the United States. Between their elegant sewn accessory cords, their high-tech main line ropes, and their versatile webbing, Sterling provides solutions that make designing and building systems safely and easily.

1/2" WorkPro Rope

UL Classified to NFPA 1983 General Use, EN 1891 A Static Ansi Z133

For the WorkPro, Sterling developed an entirely new approach to rope construction — one that makes for balanced elongation in the core and sheath so they share the load evenly. This makes the WorkPro stronger than other 11 mm ropes of similar construction while retaining a small but important amount of elongation.

Weight: 7.4 lb/100'

New England Rope

New England Ropes started in 1967 and a half century later, the brand is still committed to quality, innovation and continuous improvement. New England Ropes are engineered to offer superior feel, handling and performance. Through ceaseless research and development, they are able to advance the technology of performance on a surprisingly regular basis. Their insistence upon strict quality control is the best, as evidenced by the punishing product testing that each and every New England must withstand.

KMIII Static Rope 1/2"

Certified to EN 1891 A NFPA 1983:2012

KMIII from New England Ropes boasts a unique polyester cover, which makes it suitable for a variety of safety and rescue tasks.

Weight: 7.9 lb/100'

MBS Rating: 50kN

Elongation: 2.1%

Item# RP5065 1/2" (13mm) diameter	Length	White Rope	Colored Rope
	150' (46m)	\$208.00	\$234.00
	200' (61m)	\$277.00	\$309.00
	300' (92m)	\$409.00	\$464.00
	600' (183m)	\$767.00	\$885.00

Colors available: Red, Orange, Green, Black, Blue and OD Green

KMIII Static Rope 7/16"

Certified to EN 1891 A NFPA 1983:2012

KMIII from New England Ropes boasts a unique polyester cover, which makes it suitable for a variety of safety and rescue tasks.

Weight: 3.12 lb/100'

MBS Rating: 38kN

Elongation: 1.8%

Item# RP5075 7/16" (11mm) diameter	Length	White Rope	Colored Rope
	150' (46m)	\$177.00	\$205.00
	200' (61m)	\$229.00	\$260.00
	300' (92m)	\$330.00	\$375.00
	600' (183m)	\$645.00	\$722.00

Colors available: Red, Orange, Green, Black, Blue and OD Green

New England Ropes Prusik Cord

New England prusik cord has the right balance of suppleness for reliable activation and strength for long service life. Made of nylon with a torque-free, kernmantle construction. Two color choices in each diameter allow you to use a separate color for each length prusik in a tandem prusik belay system. Spool length: 300 ft. | **Item# RP5000**

Diameter	Colors	MBS (kN)	Price per foot	Price per spool
6mm	Light Blue or Red	7.7 kN	\$.48	\$145.00
7 mm	Gold or Teal	8.7 kN	\$.60	\$179.00
8 mm	Green or Burgundy	8.7 kN	\$.71	\$212.00

DON'T WANT TO CUT YOUR OWN WEBBING?
We will cut it by the foot for no additional charge.

Sterling Rope 1" Mil-Spec Webbing

The standard in 1" webbing, Mil-Spec tubular webbing is favored by climbers and rescue specialists for slings and anchor systems as it offers exceptional abrasion-resistance. As its name implies, Mil-Spec is also the standard webbing for military applications. *Allow up to 3 splices per spool.*

Item# WE3700

For all 1" webbing:

- MBS Rating: 17.8 kN
- Spool length: 300 ft
- Colors: Orange | Blue | Red | Green | Hi-Vis | Black

Width	Price per ft	Price per spool
1" webbing	\$.43	\$127.99

CMC 2" Tubular Webbing

The mil-spec needle loom web is comparable in strength and abrasion-resistance to the previous-generation shuttle loom web. We sell it by the foot or by the spool.

Allow up to three splices per spool.

Item# WE3710

For all 2" webbing:

- MBS Rating: 35.6kN
- Spool length: 150 ft
- Color: Red

Width	Price per ft	Price per spool
2" webbing	\$.94	\$141.00

Sterling Sewn Prusik Cord Loops

Sewn cord products have become very popular as they eliminate bulky knots without compromising strength. Offered in 19" and 25" they take the hassle out of tying knots.

Rated MBS: 17 kN

Prusik diameter: 7mm | Circumference: 38" & 50"

Item#	Price	
RP1500 19" (Red)	\$13.99	
RP1510 25" (Blue)	\$14.99	

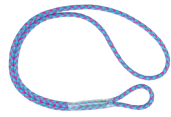

Sterling Purcells

For tricky emergency two or three-point ascending, an adjustable connection point of self-belay, our sewn 6mm Purcell's strength, durability and adjustability shine. Color-coded lengths provide easy identification.

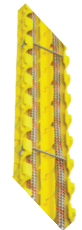

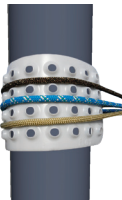

Item# RP1400

Rated MBS: 12.5 kN

Diameter: 6mm

Length	Color	Price	
20-in	Blue	\$11.99	
42-in	Green	\$13.99	
68-in	Orange	\$15.99

PMI Vari-Rigger

Features include:

- Adjustable strap with D-rings on each end
- Double around a suitable anchor for a quick rigging point to use as a variable length tether
- Buckles slip at 22 kN
- Length: 24"-96"

Item# AN5103 | \$80.75

PMI Anchor Sling

Compliant ANSI Z359.18 (2017) NFPA 1983 (2017), G

Features include:

- Three different lengths for different rigging applications
- Made from 1 3/4" webbing
- Steel D-rings on both ends
- Fast connection
- Length: 3', 4' or 6'

ITEM #	SIZE		PRICE
AN5102S	S	3 ft	\$41.00
AN5102M	M	4 ft	\$45.00
AN5102L	L	6 ft	\$49.00

CMC Rescue Multi-Loop Strap

Features include:

- This strap allows you to tie into your anchor with the right length of webbing
- Convenient when clipping several carabiners into one anchor point
- Made of 1" mil-spec tubular web
- Pocket stitching breaks at 5 kN
- Overall strength: 16 kN

ITEM #	SIZE		COLOR	PRICE
WE2200	S	24" (4 loops)	Red	\$25.00
WE2260	M	36" (8 loops)	Yellow	\$29.00
WE2230	L	66" (18 loops)	Orange	\$40.00

CMC Etrier and Etrier with Tie-In

Features include:

- Made of 1" (25-mm) mil-spec tubular web
- Designed specifically for rescue, this etrier is superior for litter tending and other vertical activities
- The four steps are stiffened for easier foot entry and abrasion protection
- The top hand grip aids balance when moving up or down a tender line
- The Etrier with Tie-In has a 3 ft (91-cm) multi-loop strap which can be attached to a harness as a safety backup

ITEM #	TIE-IN	COLOR	PRICE
ET5500	No Tie-In	Yellow	\$50.00
ET5510	Tie-In	Red	\$61.00

SMC PMP Pulleys

UL Classified to NFPA 1983 General Use

SMC's aluminum Prusik Minding Pulleys are versatile, with their compact size, in combination with a large diameter sheave. The solid side plates help prevent foreign object access, reduce snagging and are tensioned for easy one-handed operation and secure placement at any point along the rope. Sealed ball bearings provide optimal efficiency and reduce the performance robbing resistance inherent in most multiple component systems.

ITEM #	TYPE	SHEAVE	DIMENSIONS	MBS	WEIGHT	PRICE
PU8500	Single Prusik Minding	2"	3.97" x 2.9" x 1.37"	36 kN	6.3 oz	\$65.00
PU8510	Double Prusik Minding with Becket	2"	5.1" x 2.9" x 2.2"	46 kN	10.4 oz	\$105.00
PU8515	Single Prusik Minding	3"	5.85" x 4.17" x 1.38"	38 kN	12.5 oz	\$89.00

SMC 2" Swiftwater Pulley

CE Certified to UIAA127 /EN12278

The Swiftwater Rescue pulley is designed for that unique environment. The anodized aluminum side plates feature a series of holes which help to minimize the hydroplaning effect that might otherwise occur with a typical pulley. This pulley can work as a prusik minding pulley. Sealed ball bearings provide optimal efficiency. Recommended for ropes up to ½" (13mm).

ITEM #	TYPE	SHEAVE	DIMENSIONS	MBS	WEIGHT	PRICE
PU7000	Single	2"	4" x 3" x 1.25"	34 kN	6 oz	\$42.50

SMC CRx Pulley

CE Certified to UIAA127 /EN12278

This diminutive featherweight belies its solid strength and efficiency when used in 2:1 systems. It also has prusik minding capability. A smooth running 1 ¼" Delrin sheave runs on a zinc-coated axle, and the color-contrasting aluminum side plates rotate for easy rope insertion and removal. Accepts ropes up to ½" (13 mm).

ITEM #	TYPE	SHEAVE	DIMENSIONS	MBS	WEIGHT	PRICE
PU8490	Single	1.2"	2.7" x 1.75" x 1.07"	22 kN	1.8 oz	\$15.95

Rock Exotica Omni-Block Swivel Pulley

CE 0120 EN122

The Omni-Block combines a swivel and pulley into one tool, and incorporates a unique sideplate that opens while the pulley is still attached to the anchor.

ITEM #	TYPE	SHEAVE	DIMENSIONS	MBS	WEIGHT	REFERENCE #	PRICE
PU5100	Single Sheave	1.5"	5.3" x 2.5" x 1"	36 kN	9.2 oz	P51	\$94.00
PU5150	Double with Becket Sheave	1.5"	5.3" x 2.5" x 1.8"	36 kN	14.5 oz	P51 D	\$138.00

Rock Exotica Kootenay Ultra Pulley

CE 0120 EN12278:2007

The original Kootenay knot-passing pulley was proposed by the legendary Arnor Larson in the late '80s and was made by Rock Exotica. Two holes for tag lines, a dual-bearing and other features make the Kootenay Ultra the most advanced pulley of its type.

ITEM #	TYPE	SHEAVE	DIMENSIONS	MBS	WEIGHT	REFERENCE #	PRICE
PU5125	Double bearing	2.2"	8.57" x 4.1" x 2.94"	39 kN	25 oz	P3	\$225.00

Petzl Pro Traxion

CE EN 567, NFPA 1983 Technical Use, EAC

The Pro Traxion progress capture pulley is designed to allow rope installation while the pulley is connected to the anchor. The side plate locks when loaded and prevents opening of the pulley during use. The lower connection point can be used to create different types of hauling systems.

ITEM #	TYPE	SHEAVE	MBS	WEIGHT	PRICE
PU2014	Sealed ball bearing	1.5"	22 kN	9.34 oz	\$149.95

Petzl Ascension

Handled Rope Clamp

CE EN 567, UIAA

Features include:

Designed for self-belaying on fixed ropes, as a handle when you need to pull on a rope, as well as for climbing ropes

Has an upper connection hole for pulley/rope clamp system assembly, lower holes for connecting a lanyard and installing a foot loop with a quick link, and wide, ergonomic molded handles that allow a comfortable yet powerful grip

Rope compatibility: 8 to 13 mm

Weight: 5.82 oz

Item# AS5065R

Right Handed (gold) | \$89.95

Item# AS5065L

Left Handed (black) | \$89.95

Petzl Rescucender

Cam-Loaded Rope Clamp

NFPA 1983 Technical Use
CE EN 567, CE EN 12841 type B, EAC

Features include:

Openable cam-loaded rope clamp allows installation or removal of the rope clamp at any point on the rope

Independent safety catches on each side of the device allowing easy opening while reducing the risk of accidental opening. These safety catches are equipped with an unlocked indicator

Cam integrated into frame of device to facilitate handling

Large attachment hole to facilitate carabiner rotation

Integrated cam spring helps avoid accidental snagging and increases durability

Rope compatibility: 9-13 mm

Weight: 9.17 oz

Item# AS5050 | \$99.95

Petzl ASAP

International Version Mobile Fall Arrester

ANSI Z359.15, CE EN 12841 Type A,
CE EN 353-2, EAC

Features include:

Has a unique locking system

The device moves freely along the rope without any manual intervention and follows the user

The ASAP may also be combined with an energy absorber to work at a distance from the rope

Rope compatibility: 10-13 mm

Weight: 18.56 oz

No carabiner included
Available by special order

Item# AS4100 ASAP | \$214.95

Item# AS4110

ASAP'Sorber Lanyard | \$49.95

PMI Quick'Up Ascender

Handled Rope Clamp

EN 12841-B, EN 567, UIAA, CE

Features include:

Left or right-hand alloy ascender handle with ergonomic rubber grip for climbing ropes

Ergonomic grip with finger support

Patented, one-hand release mechanism

Durable steel cam with effective teeth

Holes in frame accommodate multiple attachments

Rope compatibility: 8-13 mm

Weight: 8.8 oz

Item# AS2625R

Right Handed (gold) | \$62.00

Item# AS2625L

Left Handed (black) | \$62.00

CMC MPD

Multi-purpose Device

UL Classified to NFPA 1983 General Use

Features include:

A high-efficiency pulley with an integral rope-locking mechanism (ratchet) for a haul system
Built-in becket allows cleaner rigging and efficient pulley systems
Allows main line and belay line rigging to be mirrored or twin-tensioned
Functions as a lowering brake device and as a ratcheting pulley for raising
Ideal for confined space operations because it converts rapidly to a retrieval line
Rope compatibility: 12.5 - 13 mm (11mm design available by special order UL rated "T" Technical Use)
MBS: 49 kN
Weight: 41.6 oz

Item# AS3300 | \$799.00

CMC Clutch by Harken Industrial

Work/Rescue Descender

UL Classified to NFPA 1983 (2017 ED) General Use; ANSI/ASSE Z359.4-2013; EN 12841: 2006/C; EN 341: 2011/2A; EN 15151-1: 2012/8

Features include:

Single, wearable tool suited for efficient hauling, controlled lowering, smooth personal descent, easy ascending and belaying
Stainless steel ratcheting and rotating sheave provides efficient and audible progress capture
Rope loading/unloading is secured with an innovative double-latched side plate design that is independent of the device's attachment point
Anti-Panic brake and force limiting features ensure operational safety and overload protection
Integrated becket allows for direct connection of mechanical advantage systems
Rope size: 10.5 - 11.5 mm (7/16 in.)
MBS: Pulley 40 kN / Becket 22 kN
Max load: 600 lbs (272 kg)
Weight: 29.44 oz

Item# AS3500 | \$649.00

Petzl Maestro Descender

Work/Rescue Descender

CE EN 12841 type C, EN 341, NFPA 1983 Technical Use, EAC

Features include:

The Maestro facilitates manipulation of heavy loads, for lowering or hauling, and may be used in both the primary system or in a back-up belay. This versatility allows rescuers to adapt to any situation they may encounter on the rescue scene
Ergonomic handle
Integrated braking
Integrated progress-capture pulley has a large diameter sheave mounted on sealed ball bearings
Auto-Lock system
MBS: S: 22 kN and L: 36 kN
Weight: 38.8 oz

Item# AS5020S

10.5-11.5 mm rope | \$549.95

Item# AS5020L

12.5-13 mm rope | \$549.95

Petzl I'D

Self-Braking Descender

UL Classified to NFPA 1983 Technical Use
CE EN 241 Class A, CE EN 12841 type C,
ANSI Z359.4, EAC, EN 341 Class A, CE EN 15151-1

Features include:

With anti-panic function, the I'D self-braking descender is primarily designed for technical rescue
It has an ergonomic handle that allows convenient descent control
The integrated anti-panic function and anti-error catch limit the risk of an accident due to user error
The auto-lock system allows users to position themselves without having to manipulate the handle or tie off the device
Once locked, the rope can be taken up without having to manipulate the handle
The safety gate allows the rope to be installed with the device remaining connected to the harness
Weight: 20.96 oz
WLL (working load limit): 600 lbs

Item# AS4000S

10-11.5 mm rope | \$299.95

Item# AS4000L

11.5-13 mm rope | \$299.95

SMC Figure 8 with Ears

UL Classified to NFPA 1983
General & Technical Use

Features include:
Used by professionals as a descender
Machined from 1/2" heat treated aluminum alloy plate for high strength, and given a hard coat anodized finish
The carabiner hole is oval for use as a belay plate
Weight: 6.5 oz
Material: Aluminum
Strength: 32 kN
Dimensions: 6" x 5.25" x 0.5" (at ears)

Item# FE2108 | \$62.00

SMC Anchor Plate

UL Classified to NFPA 1983 (2012) General Use

Features include:
Half the size of the bigger plates on the market, yet just as strong and with over-sized holes to accommodate more gear
Contoured edges are easy on ropes, webbing and carabiners
Each oval hole will easily accept 2 large carabiners while a large center hole accepts numerous connections
Numbered holes for quick identification
Weight: 11.4 oz
Material: Anodized aluminum
Strength: 50 kN

Item# PR6050RL | \$54.00

CMC Steel "O" Ring

Features include:
Used as a connection point when rigging a stretcher
Allows attaching the control lines, stretcher harness (spider), and the pulleys all at one strong point without twisting
Inside diameter: 3"
Weight: 10.9 oz
Material: drop-forged alloy steel
Strength: 44 kN
Bar Diameter: 1/2"

Item# OR7200 | \$16.00

Petzl Paw Rigging Plate

UL Classified to NFPA 1983 General Use

Features include:
Designed for easy organization of the workstation and setup of multi-anchor systems
19 mm holes allow the locking sleeves of most carabiners to pass through enabling the carabiner to be rotated
Available sizes: Small, Medium and Large
Weight: Small (2.1 oz), Medium (6.3 oz) and Large (12.3 oz)
Material: Aluminum
Strength: Small (36 kN), Medium (45 kN) and Large (50 kN)

medium size shown

Item# PR6300S small | \$29.99

Item# PR6300M medium | \$54.95

Item# PR6300L large | \$79.95

RQ3 Rescue Q-Eight

Manufactured by SMC
UL Classified to NFPA 1983 General Use

Features include:
Descender designed for rescue and tactical teams
Performs exceptionally well in high-wear situations
Designed for 12mm rope
The unique design allows you to tie off easier and safer than any other eight plate, yet it works the same as traditional eights
Weight: 8.64 oz
Material: 6061T 6511 Aluminum Stock
Strength: 22 kN
Dimensions: 7" x 5" x 0.5"

Item# FE2121 | \$55.50

CMC Anchor Plate

UL Classified to NFPA 1983 General Use

Features include:
Keeps the carabiners holding the different parts of your rescue system from jamming together
Can also keep you from clipping a carabiner into the wrong loop of the anchor webbing
Weight: 7.2 oz
Material: Stainless steel
Strength: 43 kN

Item# PR5950 | \$80.00

Rock Exotica Aztek System

Features include:

The Aztek system has become the ultimate Personal Mechanical Advantage kit that can be configured as a 5:1 or 4:1 with a re-direct by just rotating the system

The pulleys are machined from solid aluminum, feature swivel connection points, and utilize high efficiency bearings

Includes a bag for compact storage

Item# KT1400 | \$365.00

PMI SMC Advance Tech Haul System

Features include:

The Advance Haul System is pre-rigged as either a 4:1 or 5:1 mechanical advantage system

Includes two SMC Lite Steel carabiners, a 5mm oval screw link and a PMI accessory cord lanyard which releases or sets the progress capture cam

Includes a bag for compact storage

Item# KT3615 | \$420.00

Petzl Jag System

Features include:

The Jag System haul kit for pickoffs makes a releasable anchor, or tensioning a system, thanks to its 4:1 mechanical advantage and excellent efficiency

The Jag System haul kit is quick and easy to deploy: it is ready to use thanks to the flexible cover that prevents any risk of tangling. The haul end is color-coded for instant identification

Available in three lengths: 1, 2 and 5 meters

Item# KT0440S 1 meter | \$329.95

Item# KT0440M 2 meter | \$349.95

Item# KT0440L 5 meter | \$399.95

ANCHORS

The lightest
weight system
on the market

RQ3 Picket Driver/Puller

- Driver not only drives the pickets in but also pulls them out easily
- Made from case hardened steel and handles are TIG-welded
- Weight: 11.2 lbs

Item#
AN3307
\$225.00

*** The RQ3 Picket Driver/Puller is designed to be used with RQ3 pickets only manufactured after February 2016. Other pickets may damage the Picket Driver/Puller head and void the warranty*

RQ3 Picket Driver/Puller

RQ3 Picket Anchor Plate

RQ3 Light

SYSTEM

RQ3 Lightweight Cliff Picket

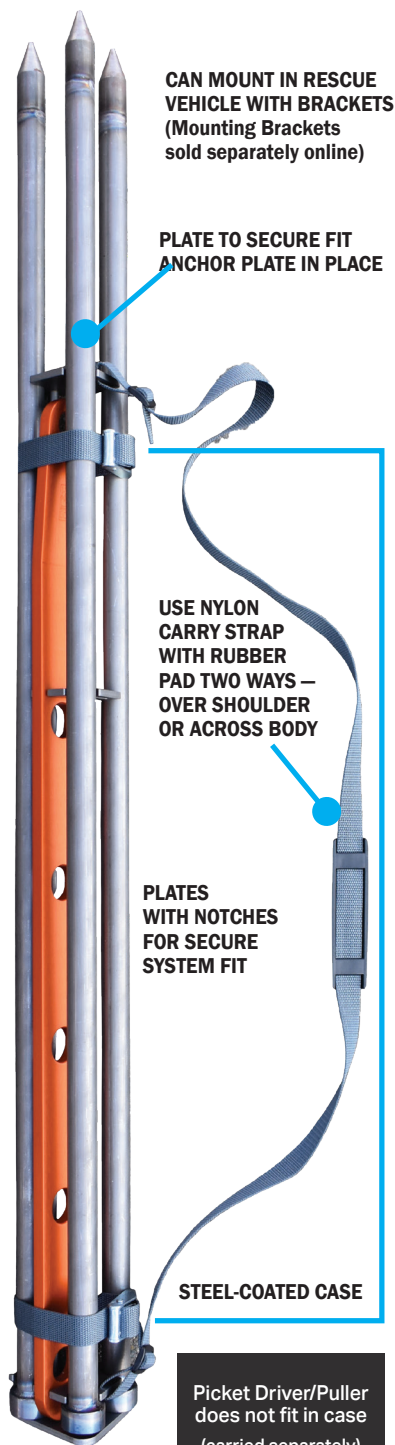

- Made from 1-inch DOM steel tubes, cut to length, then hand-sanded and deburred
- Head and points are TIG welded with a V-notch to ensure full penetration of each weld
- We use a custom-made tube turning machine and hand-weld each picket while the tube is turned for maximum strength
- A picket will show deflection of 1 inch at 2,000 lbs (26.68kN)
- Weight: 5.9 lbs | Length: 48"

Item#
AN3300
single picket
\$102.00

RQ3 Picket Anchor Plate

- The angled attachment point at end of plate allows you to clip directly in to your system
- Provides optimum spacing/angle for pickets
- Eliminates the need to use webbing to lash pickets together
- Weight: 3.1 lbs, Length: 35"
- Strength: 12,000 lbs (27kN)

Item#
AN3308
\$94.50

**Petzl Avao
Sit Harness**

CE EN 358, CE EN 813, EAC

**CMC Lifesaver
Victim Harness**

UL Classified to NFPA Rating: Class II

**PMI
Uniform Belt**

Features include:

Waistbelt and leg loops equipped with self-locking doubleblock buckles for quick and easy adjustment

Side attachment points can be folded down to prevent them from snagging

6 equipment loops

Ventral, Lateral and Rear attachment points

Weight:
2.59 lbs (size 1) and 2.62 lbs (size 2)

Size 1
Waist belt: 27.5"-36.6"
Leg loops: 18.5"-24.4"

Size 2
Waist belt: 32.6"-47.2"
Leg loops: 19.6"-25.5"

Item# HA79001
Size 1 | \$269.95

Item# HA79002
Size 2 | \$269.95

Features include:

Attaches quickly and securely

Colored web makes using the harness easy

CMC's original V-Ring and snap design allows the harness to be put on without the victim having to step through the harness

Tie-in point also doubles as a "handle"

Storage bag allows easy carry, ready for use, preventing tangling when accessing the victim, and is attached to the harness so it cannot be lost

Weight: 2.9 lbs

Size: up to 62" waist size

Item# HA9400 | \$259.00

Features include:

One size fits most

Not intended as an emergency harness but as a back up or last resort

Made of 1 3/4" black webbing

Size: Fits waist size up to 48"

Item# HA5103 | \$39.95

ROPE RESCUE

Petzl Astro Bod Fast International Version

ANSI Z359.11, NFPA 1983 Class III, CSA Z259.10, CE EN 361, CE EN 358, CE EN 813, CE EN 12841 type B

Features include:
Includes an integrated CROLL L ventral rope clamp
The gated ventral attachment point allows optimal integration of equipment
Wide, semi-rigid waistbelt and leg loops contoured and lined with breathable foam padding
The doubleback self-locking buckles at the rear of the harness, between the waistbelt and the leg loops, allow for a shorter adjustment when the dorsal attachment point is used
Fall indicator on the dorsal attachment point
Astro Bod Fast international version features leg loops with fast automatic buckles
Weight: 5.5 lbs
Size 1: 64.9"-72.8" Size 2: 68.8"-78.4"

Item# HA8425 | \$499.95

PMI Avatar Deluxe Harness

NFPA 1983 (2012), Class III ANSI Z359.1 (2007)

Features include:
Patented AustriAlpin COBRA quick-release buckles color coded for ease of use
Waist, sternum, shoulder and dorsal attachment points
Adjustable, integrated upper and lower harness sections
Spring-loaded buckle at the dorsal and waist attachments
Storage bag included
Weight: 6 lbs
Size: Standard Waist: 37"-55" Large Waist: 31"-54"

Item# HA5126S | \$399.00

Item# HA5126L | \$399.00

PMI CS Tech Full Body Harness

D NFPA 1983 (2017) Class III

Features include:
Waist, sternum, shoulder and dorsal attachment points
Adjustable dorsal and shoulder rings
Break-apart buckles on legs and right shoulder
Quick adjusting low-profile buckles on waist
Storage bag included
Weight: 5.06 lbs
Size: 31"-52"

Item# HA5116 | \$262.00

PMI Air-Go Helmet

CE, EN397:2012+A1:2012, EN50365:2002
ANSI/ISEA Z89.1-2014 Type 1 Class C

Features include:
6-point sewn durable and hardwearing Terylene webbing cradle
Wheel ratchet headband
Replaceable headband and strap
Optional stickers (included)
Fits head circumference from 20.87" - 25"
Colors: Red or White

Item# HL5300 | \$69.99

Petzl Strato Vent Helmet

CE, EN 12492, ANSI Z89.1 Type I Class C, EAC helmet standards

Features include:
FLIP&FIT system allows the headband to be positioned in a low position, guaranteeing that the helmet fits securely on the head
DUAL chinstrap to adjust strength to adapt the helmet to different environments. The clip has two uses: high strength, limiting the risk of losing the helmet during a fall, and low strength, limiting the risk of strangulation if the helmet is snagged
Shock absorption achieved through deformation of the liner; foam interchangeable
Fits head circumference from 20.87" - 24.8"
Colors: Yellow or Red

Item# HL5150 | \$124.95

RQ3 Boulder Helmet

CE, EN 12492 helmet standards

Features include:
Removable, comfortable, moisture-wicking headband and liner
Vent system with metal mesh guard to protect against debris while allowing water to drain
Headlamp/goggle retainer clips
4-point chin strap system
Ratchet system with dial for secure fit
Fits head circumference from 21.75" - 24.4"
Colors: Hi-Vis or Red

Item# HL7500 | \$59.95

Petzl Vertex Vent Helmet

CE, EN 397, EN 12492, ANSI Z89.1
Type I Class C, EAC helmet standards

Features include:
6-point textile suspension conforms perfectly to the shape of the head
FLIP&FIT system allows the headband to be positioned in a low position, guaranteeing that the helmet fits securely on the head
DUAL chinstrap to adjust strength to adapt the helmet to different environments. The clip has two uses: high strength, limiting the risk of losing the helmet during a fall, and low strength, limiting the risk of strangulation if the helmet is snagged
Shock absorption achieved through deformation of the liner; foam interchangeable
Vent holes with sliding shutters allow the ventilation to be adjusted as needed
Fits head circumference from 20.87" - 24.8"
Colors: Yellow or Red

Item# HL5130 | \$99.95

PMI Lightweight Rappel Gloves

Features include:

Lightweight, pliable goatskin
Two layers of cowhide across the palm of the glove
Slip on wrist cuff
No exposed seams on palm
Color: White/Tan
Sizes: S-2XL

Item# GL8118 | \$35.00

PMI Rope Tech Gloves

Features include:

Synthetic leather palm base
Cowhide on finger wear points and palm
Two-way stretch spandex on top and fingers for mobility, breathability
Elastic cuff with pull-tab and Velcro® closure
Carabiner loop stores inside for snag-free operations
Color: Tan with leather reinforced palm
Sizes: S-2XL

Item# GL8850 | \$36.00

Ringers Rope Rescue Gloves

Features include:

Synthetic leather palm and fingertip patches
Foam padded channel on palm
Secured cuff with hook and loop
Kevlar stitching
Colors: Red or Black
Sizes: S-2XL

Item# GL8116 | \$18.99

RQ3 Max-Wear Kevlar Gloves

Features include:

Kevlar palms, fingers and stitching for long life
Molded knuckle protection for shock absorbing protection
Velcro wrist closure for secure fit
Puncture and cut resistant
Soft and lightweight breathable stretch material on back of hand
Clip on wrists help keep gloves together
Color: Black
Sizes: M-2XL

Item# GL8910 | \$37.25

RQ3 Rope/Gear Bag

Features include:

- Includes features of the RQ3 Rope Bags plus extras
- Two large zippered gear pockets on front
- Daisy chain on each side to clip gear on

Item# BG3237

Rope/Gear Bag | \$51.95

Holds up to 200 ft of 1/2" rescue rope | 9" x 27" diameter | Black/Grey

RQ3 Rope Bags

Features include:

- Made of Rip-Stop nylon
- Clear plastic sleeve pocket for rope log or rope I.D.
- Molded carry handles on side and contoured backpack straps
- Grommet with Velcro strap at bottom

Item# BG3225

RQ3 Rope Bag | \$36.00

Model #2 150-200 ft of 1/2" rope | 29" x 12" diameter | Orange or Red

Item# BG3230

RQ3 Rope Bag | \$39.00

Model #3 300 ft of 1/2" rope | 32" x 15" diameter | Orange or Red

CMC Rope Bags

Features include:

- Reach-in bottom allows bag to be used by both ends
- Contoured shoulder straps and side carry handle
- Clear-view sleeve for rope I.D./log information
- Colors: Orange, Red, or Yellow
- Other sizes available online

Item# BG4320 | \$85.00

Model #2 150-200 ft of 1/2" rope | 30" x 9" diameter

Item# BG4330 | \$89.00

Model #3 250-300 ft of 1/2" rope | 32" x 10" diameter

Rescue 3 provides a *global* presence

In the current global climate there can be no denying the relevance of technical rescue training. There have been many incidents throughout the world of rescuers with inadequate or no training getting themselves and colleagues into trouble. Training is vital, but once you decide to train, where do you begin?

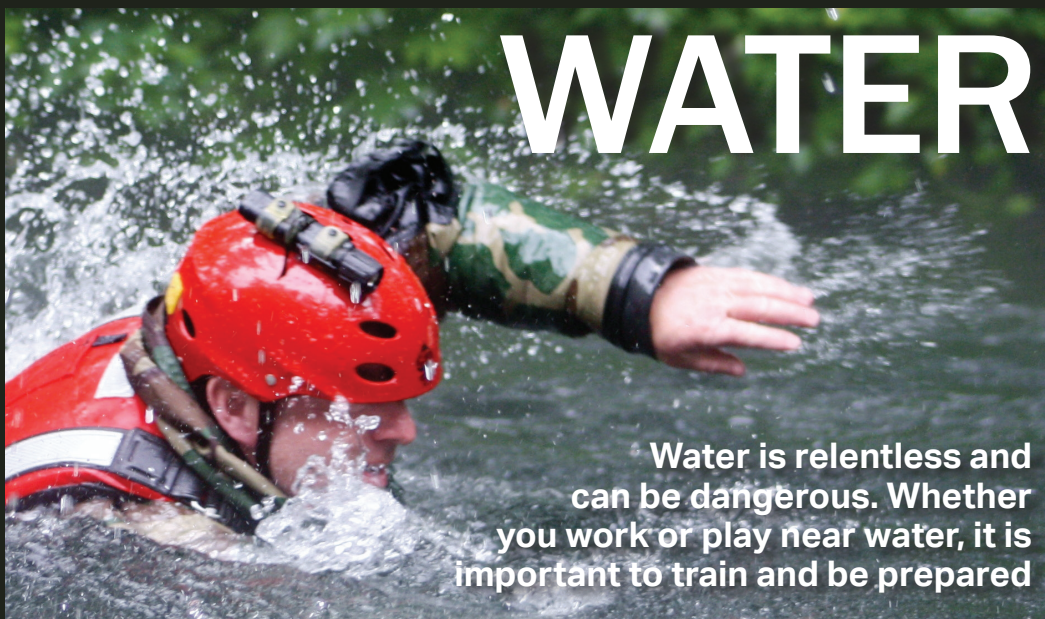

You begin with Rescue 3 International

Working with Rescue 3 International enables you to tap into the knowledge of a worldwide network of experts in the disciplines we teach. Our instructors are rescuers on rivers from the American to the Zambezi. They are Rope Access instructors from Australia to Oregon. Our Rope program was born in The Netherlands and vetted by experts from around the world. We take pride in the fact that our curriculum committees are diverse and our quality standards exacting. Rescue 3 International has instructors on six of seven continents and in 67 countries. Our manuals for Swiftwater Rescue and Rope Rescue have been translated from English into more than a dozen languages.

In addition to our world-class training, our student support after the class sets us apart. We understand that documentation and records are vital to the training process, which is why we keep all student records indefinitely and are always available to help students and training officers with accessing those training records.

Join the more than 750,000 students and 1500 instructors who have made Rescue 3 International their choice for training, and you'll see why we are the world leader in technical rescue instruction.

Visit our website (rescue3.com) or give one of our authorized training providers a call, and we'll help you get started.

Water is relentless and can be dangerous. Whether you work or play near water, it is important to train and be prepared

Products and equipment sold by the Rescue Source are intended for use by professionals, trained and experienced in the use, inspection and maintenance of these specialty products. Other uses such as workers and sportsmen using these products will be held to the same standards of experience and training as professionals.

Payments: US legal tender. Customers can pay for purchases via credit card, company check, bank wire or open account with terms (subject to approval). A \$25 service fee will be charged on all returned checks. All fees incurred in collecting of past due accounts will be the responsibility of the purchaser. Title to the buyer does not pass until the buyer has paid for products and any fees or service charges. A 1½% per mo. (18% annual) charge will be assessed on accounts over 30 days.

Shipping: Delivery to the carrier constitutes delivery to the customer. Visible damage should be reported to the carrier when the package is received. Notify Rescue Source of any problems immediately. Claims reported more than 15 days after receipt may be denied.

Returns & Exchanges: Items must be returned within thirty (30) days of shipment to receive a refund or exchange. 1) E-mail info@rescuesource.com to start the return process. 2) Return item with RA number to: The Rescue Source Attn: Return Dept. 11084 Jeff Brian Lane Wilton, CA 95693

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE

Rescue Source Limited Warranty: We warrant to the original purchaser that Rescue Source manufactured products will be free from defects in mate-

rial and workmanship. This express warranty and all implied warranties imposed by law are limited to one year duration from the date of the original purchase. No other warranties exist or are implied by Rescue Source due to the high risks involved in rescue. This limited warranty in no way limits or alters other manufacturers' warranties on products that are sold or distributed by Rescue Source.

Disclaimer of Express Warranties: Rescue Source warrants that the products and equipment are as described in this catalog, but no other express warranty is made. If any model or sample was shown to buyer, that model or sample was used merely to illustrate the general type and quality of the products.
